

Instructions for Absent Applicant forms

Absent applicant must:

- fill out the two-page affidavit and application form completely (an incomplete document is not acceptable and will delay the marriage license application).
- sign the affidavit in the presence of a currently commissioned Notary Public.
- produce all required documentation (including current, government issued photo ID).

Notary Public must:

- complete the full acknowledgement then sign and seal it attesting to the information stated.

The applicable verification form must be completed and signed by the designated authority (based on the reason for the absence of the marriage license applicant):

- Incarcerated applicant: the Warden, Sheriff, or other facility director
- Military duty applicant: the commanding officer
- Applicant qualifying under the U. S. Americans with Disabilities Act: their doctor or other qualified authority

Please double-check all information, signatures and seals before returning the documents to the Recorder of Deeds. Incomplete or missing documentation is not acceptable for marriage licensing.

Return completed application with verification to the St. Louis County Recorder of Deeds. The Recorder must have this paperwork BEFORE taking the application of the second party. This documentation may be hand delivered by the “non-absent” applicant when they visit our offices to complete their part of the marriage application.

When all documentation is in order (for both applicants) and all fees are received, the Recorder can issue the Marriage License. Once the license is issued, it must be used within 30 days or it will expire.

If the license expires before the ceremony is performed, the expired license must be returned to the issuing Recorder. You may obtain another license with the Absent Applicant Affidavit as long as it is dated six months or less prior to issuance of another license.

If you have questions, please contact the St. Louis County Recorder of Deeds Office at marriage@stlouiscountymo.gov or by calling 314.615.7100.
